## April - July Update Page 1 Bro. Junior Haley

Thank you for once again taking the time to let me share how God is blessing.

### Ministry

How can I even begin to say all God has done this past quarter? This has been one of the most eventful periods of ministry in the entirety of my 13 years of preaching. Here in the States God blessed us to reach almost to 75% of our needed support just in time for the one year mark since we began full time deputation. We had the privilege of helping lead a few lost souls to Christ and counsel some young men praying about serving God. Of course we travelled and preached a lot too; as far west as Kansas, as far north as South Dakota, and now as far south as Florida. While in Belgium we had some awesome opportunities in street ministry and a tremendous response to the preaching of God's word. We had the chance to work one on one with several people who want me to call them and meet to discuss the gospel more when I return. Thousands of gospel tracts were distributed and are still being given even in my absence. Most excitingly a young lady from Romania joined our group there and has begun to attend our skype services and help in the distribution of the gospel. In Romania we had one of our greatest blessings, not only were we allowed to preach and visit some churches there, but we also had the privilege of baptizing two of the young believers my wife had lead to the Lord years ago, her two youngest siblings, they have been my most faithful in coming to the skype services we have done each week for the past two years. It was our privilege to partner with Bro. Patrick Boyle who was their pastor and my wife's for several years while he served in Romania and with Bro. Jim Morgan the local missionary who had led my wife and most of her family to the Lord. Bro. Boyle now pastors here in the states and was there to perform the wedding for my wife and I, due to his past relationship with them and my ordination service being soon but not yet happened at that point he performed the baptism as well, under the authority of Bro. Morgan's church. I believe in doing all things decent and in order so I just share this so you can see how God brings all things together, the three men who have served like pastors to them all had a hand in the baptism and my wife who led them to the Lord was present as well. It is exciting to me to see young people asking to follow the Lord and make their faith public. Look for pictures of the baptism attached to this letter. Due to all of the exciting things God has done this letter will be two pages long with the personal section on the next page. We have a full schedule with only a few services open between now and the end of the year, mostly near Thanksgiving and Christmas. I mention this incase any pastor around home wants to do a special service in that time before we head off to Belgium at the end of January. If interested the dates are November 23rd, December 21st, 25th, and 28th.

### Prayer

- Pray** for Loredana to receive her visa in time for the date scheduled for the wedding.
- Pray** for God to continue to pour in the support needed and to guide the churches that are praying about supporting.
- Pray** for the people there in Belgium and Romania, God is doing some exciting things in their lives.
- Pray** for the lost we were able to deal with in Belgium.
- Pray** for the young men I have had an opportunity to counsel with about serving the Lord.
- Pray** for my very busy schedule throughout the remainder of the year.
- Pray** for some churches here in the states: one I was with recently where it seems God is doing a work of revival and another that their pastor went to be with the Lord unexpectedly.

What shall I render unto the Lord for all his benefits toward me? Psalm 116:12
